Here's Your NTCI 2010 Newsletter – But We Need Your Help To Go GREEN!

100 Years of Red & Grey

Each year the NTCI Foundation spends over \$4,000 on postage for mailing the attached newsletter to the 8,000 alumni in our database - money which could otherwise be used for student awards and grants to support extracurricular activities. Last year we asked you, our readers, to email us your email addresses and your agreement to receive future issues of the newsletter by email. Some of you responded but **there are still almost 5,000 alumni for whom we have no email addresses.**

This year, while again mailing all 8,000 copies by Canada Post, we are also emailing copies to the 3,000 alumni whose email addresses we do have, to illustrate that emailed copies are just as good as the hard copy. We intend to move to email distribution only in 2011, both to use the Foundation's limited resources more effectively and be more environmentally friendly.

So starting in May 2011 newsletters will be sent by email only, unless you explicitly request a paper copy. To do this, please send a note with your request to **NTCI Foundation 70 Roehampton Avenue, Toronto, Ontario M4P 1R2 by July 31, 2010.**

PLEASE! Ask your classmates and other friends/family who are NT grads to update or send us their email addresses and preferences now.

You can contact us:

- at ntcifoundation@ntci.on.ca or
- go online and register at www.ntcifoundation.ca
- or write NTCI Foundation, 70 Roehampton Ave., Toronto, ON M4P 1R2
- or call: 416-393-8585 ext.20145 and leave a voicemail message for us.

And please forward this email to other NT friends, siblings or colleagues – and share their email addresses with us. Momentum is growing thanks to many like you!

In the meantime, the attached newsletter is yours to read and enjoy.

Sincerely,

NTCI FOUNDATION
