

Here's Your NTCI 2011 Newsletter — But We Need Your Help To Go GREEN!

100 Years of Red & Grey

Each year the NTCI Foundation spends over \$4,000 on postage for mailing the attached newsletter to the 8,000 alumni in our database — money which could otherwise be used for student awards and grants to support extracurricular activities. Last year we asked you, our readers, to email us your email addresses and your agreement to receive future issues of the newsletter by email. Many of you responded but there are still almost 4,000 alumni in our database for whom we have no email addresses.

This year we have transmitted copies to the 4,300 alumni whose email addresses we have by emailing instructions to download it from the Foundation's website at www.ntcifoundation.ca. We intend to move almost entirely to email distribution, except we will continue to mail the newsletter by Canada Post to those who explicitly request it. This year (2011) for the last time we are also sending it by Canada Post to alumni who haven't yet responded and for whom we have no email addresses. Our move to email will help use the Foundation's limited resources more effectively and will also be more environmentally friendly.

So, **starting in May 2012, newsletters will be sent by email only unless you explicitly request a paper copy.** To do this, please inform us by email or check the appropriate box on the tear-off sheet below and mail it (along with any other relevant response forms from the newsletter) to NTCI Foundation, 17 Broadway Avenue, Toronto, Ontario M4P 1T7 by July 31, 2011. A self-addressed envelope is enclosed for those who received this newsletter by Canada Post.

You can contact us:

- by email at ntcifoundation@ntci.on.ca
- via our website at www.ntcifoundation.ca
- by Canada Post to **NTCI Foundation, 17 Broadway Ave., Toronto, ON M4P 1T7**
- or by calling **416-393-8585 ext. 20145** and leaving a voicemail message for us.

PLEASE! Respond if you haven't already done so, and ask your classmates and other friends/family who are NT grads to update or send us their email addresses and preferences now.

In the meantime, the attached newsletter is yours to read and enjoy.

Sincerely,

NTCI FOUNDATION
